

C-SCS-80A HS/Fan/Programmer

Maximum continues current : 80amp, peak 100Amp 10 second.

Input Voltage: Maximum 2 ~ 4 Lipo or 7.4V ~ 14.8V

Quies-cent current : 1.4 [mA]

Controls: Forward/Brake/Reverse

BEC: Japan JRC 6.0V at 3.0A

IO:4.75mOHM

Dimension: 35 x 40 x 32

Weight: 45g(w/ heat sink)

Feature

Smooth forward operation

Extremely low resistance

16KHz Frequency operation

P.O.R Power on reset

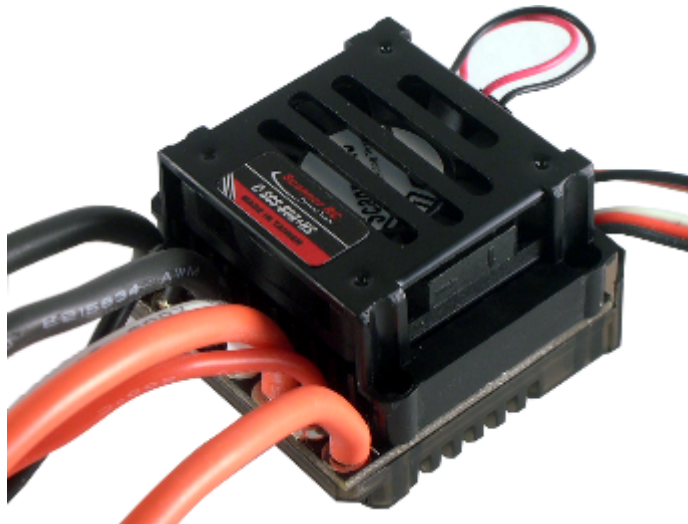

Easy user programmable features.

Audible arming signal

Programmable low volt cut off for Li-Po

Safe start protection

Programmable motor rotation
